

Instruction

DRC SPRING COMPRESSOR

Thank you for purchasing DRC SPRING COMPRESSOR.
Please read these instructions carefully prior to use.

1. Important notes

- Use of this tool requires special knowledge and technique.
Haphazard use may cause accidents and failure.

2. Instruction for use

- 1) Securely spring hook and bolt by using lock nut securely.

⚠️【Caution】

If lock nut is not tightened securely, there is a danger that the spring hook will come off the spring compressor body.

- 2) Attach suspension to spring compressor body with suspension fitting bolts or others.
- 3) Attach the spring hook on spring as far as possible from the spring compressor body and attach long nuts on spring compressor body.
- 4) Equally tighten both long nuts to compress spring.

※ Set spring hook on the suspension spring as shown on below figure.
